

## Seminar Representation theory of finite groups (Seminar MAT534)

- ▶ *Slogan.* Representation theory is group theory in vector spaces.
- ▶ *Who?* Bachelor students, but everyone is welcome.
- ▶ *Preliminaries.* Some linear algebra and algebra.
- ▶ *When?* Monday 13:15-15:00.
- ▶ *Website.* <http://www.dtubbenhauer.com/seminar-fgroups-2019.html>
- ▶ *Topics.* The representation theory of finite groups – a classical a very neat topic of mathematics.
